

MITM
FOUNDATION

Born in 2015 from the care and compassion of the MI Windows and Doors' team, the MI Charitable Foundation was created to formalize support within our communities and the causes close to our hearts. Outreach committees are empowered to plan and engage in fundraising and volunteer events they are passionate about, and the result has been rapid growth that continues to humble and inspire us. In addition to local efforts, we also support charities at a national level with product and monetary donations.

The MI Foundation greatly expanded to a nationwide presence in 2021 thanks to the addition of team members from Milgard Windows & Doors' MG/CAT committees and Sunrise Windows & Doors' charitable group. The MI Foundation is more than financial support—it's a group of people helping others in any way we can.

LOCAL OUTREACH

With compassion at our core, we know our social responsibility is as important as the care we put into every window we make, and we're dedicated to continually impacting our communities and the causes that drive us. Outreach Committees throughout the MI organization research, plan, and execute fundraising initiatives and events to improve their communities across the country. Each group is granted funds to utilize throughout the course of a year to complete projects and benefit local organizations. Examples of a few of the groups we support locally are the Ronald McDonald House Charities, Veterans of Foreign Wars, TEK Foundation, Scottish Rite Hospital, Habitat for Humanity, and local food banks.

Advancing communities by providing windows of opportunity for a better tomorrow.

“It was beautiful to see all of our team members and others in the community band together for such a great cause. I brought my four-year-old son with me; it really made an impact on him to see everyone there for the kids.”

– Erin, MI team Member and attendee of the St. Jude Walk/Run

“I could never imagine how such a tragic event could bring so much kindness and love into our lives. Our daughter is getting better every day.”

– Beth, Local Community Member

KEY CAUSES

In addition to local outreach, we've partnered with several national organizations to support three noteworthy causes: veteran's affairs, child wellbeing, and cancer at large with a particular focus on pediatric cancer. The organizations we support at a national level focus their primary efforts in at least one of these three categories.

VETERAN'S AFFAIRS

CHILDREN'S WELLBEING

CANCER SUPPORT
